

Understanding and Planning for School Bombing Incidents

Overview

These courses provides technical operations and awareness training for law enforcement, firefighters, EMS, school administration and staff, emergency management and other personnel who have a significant responsibility for responding to Weapons of Mass Destruction (WMD) incidents involving explosives and incendiary materials in a school environment..

The Understanding and Planning for School Bombing Incidents (UPSBI) course specifically focuses on prevention and response to school bombing incidents.

Classroom Topics

- Understanding the Terrorist Threat
- Recognition of Improvised Explosive Devices (IEDs)
- Prevention, response and mitigation
- Safety Issues/Considerations

Training presented by New Mexico Institute of Mining and Technology (New Mexico Tech)/Energetic Materials Research and Testing Center (EMRTC), the lead DHS National Domestic Preparedness Consortium partner for explosives and firearms, live explosives, and incendiary devices training.
